Attn: Mr. Satya Ganti

Dear Mr. Ganti:

We have reviewed your letter and enclosures of May 24, 2000, regarding your request for approval of your SpillRemed (marine) for use on board naval and merchant marine ships. After reviewing your application, it does not appear as though your treatment method can be classified as Pollution Prevention Equipment under Title 46 Code of Federal Regulations Part 162.050. Therefore, this product does not require Coast Guard approval.

If you have any further questions, please do not hesitate to contact I.T Manning at (202) 267-6640.

Sincerely,

A handwritten signature in black ink, appearing to read "R. W. Martin".
